Chronic Pain Treatment and Addiction

Millions of Americans suffer from chronic pain. As part of the long-term treatment, they are prescribed medication such as opioids. These medications have a potential risk of drug tolerance, increased pain sensitivity or addiction. If you or someone you care about are wrestling with any of these issues, please call First Sun EAP. We are available 24/7/365 and have counselors and resources to help you.

First Sun EAP services are made available to you and your family members by your employer. You can use the services whether or not you have chosen to participate in an employer health plan.

All counseling services are confidential in compliance with the law.

First Sun EAP Counselors are available 24/7/365 at 800-968-8143.
